EXPERIENCE

Business Controller

Apr 2023 – Present

IF Insurance

- Part of management team.
- Responsible controller for a 3billion sek unit and doing staff planning for ~50 heads.
- Working with business development.
- Automated manual tasks, saving 40% time spent on monthly reporting.
- Implemented a new Data source, vastly improving Data Quality and replacing previous data purchase from external provider.
- Using this increased data quality as leverage I was able to pin point an area where we could save millions per year.

M&A – Integrations and Carve-Outs

Aug 2022 – Jan 2023

PwC

- Worked on the integration for a listed billion dollar company. Created an advanced financial model to benchmark RTR, P2P & O2C global performance and cost.

Business Controller

Jun 2021 – Aug 2022

SAAB

- Controller for the fastest growing unit in the Business Area with a annual turnover of 400msek
- Worked 3 months in Germany, Nuremberg to manage the implementation of an ERP-system.

Graduate Leadership Programme

Aug 2020 – Aug 2021

SAAB

- SAAB's global trainee program with focus on creating the company's future leaders.
- Rotating between all business functions, such as treasury, tax, M&A, strategy, IR among others.
- Assisted with a DCF in a acquisition of a 50million sek company

Finance Administrator (4 departments)

Apr 2014 – Mar 2020

SEB

- Proxy Votes, Taxes, Settlement Markets & Commodities

EDUCATION

MBA

Umeå School of Business, Economics and
Statistics (USBE)

Mar 2020

PROJECTS

Saab's first TCFD-report. Part of a two man team with findings presented to the CFO and subsequently included in SAAB's 2021 annual report.
